

Inspiration (Samhain 2007)

By Michael J Dangler

I reach deeply within myself;  
seeking, searching.  
My eyes turn inward and see deep;  
seeking, searching.  
My fingers reach out, feeling forth;  
seeking, searching.  
My ears are open, listening;  
seeking, searching.  
My nose sniffs for any sign here;  
seeking, searching.  
My tongue tastes the sweet nectar now;  
seeking, searching.  
Here it is, within me, calling;  
seeking, searching.  
Here I am, to greet it, hold it;  
seeking, searching.  
Here we are, together, tightly;  
holding, knowing.  
Inspiration, I call to you;  
hold me, know me.
