

## Invocation of Brighid for Inspiration

Bright Brighid, lady of the forge, lady of the flame, lady of inspiration.

We call on you today to awaken our inner flame, to inspire our words, to inspire our thoughts.

Shape our words and thoughts as you would the metal at your forge into the epitome of beauty and utility.

Give us silvered tongues so that we may speak only truths.

Bright Brighid, inspire us this night! Bright Brighid! Accept our Sacrifice!
